Dear Kate Weaver,

The course titled 42nd Annual Airport Law Workshop, JNN4142, has been approved for 15.00 credit hours including 1.00 credit hours for Ethics and 0.00 credit hours for Well-being by the Virginia Mandatory Continuing Legal Education Board.

- Keynote, meal, and roundtable sessions are not approvable unless they address legal topics and instructional materials are distributed to attendees in accordance with MCLE Regulation 103(g). Since there were no instructional materials available for **Session 4**, this session is not approved.
- The written instructional materials for **Session 11** and **Session 17** did not meet approval standards in MCLE Board Opinion 14. Materials must appropriately cover the course subject matter, be instructional in nature, and provide a resource for later use. Bullet points of links and sparse bullet points without much referential or instructional material are not approvable.

- The total minutes of approved instructional time adds up to 885, which rounds to 15 credit hours.

Accreditation of this program is approved through 10/31/2026.

The certifications of attendance and teaching (when applicable) must be made available to Virginia attorneys once you have verified their attendance. **Do not provide the course ID number in lieu of distributing these forms.** Attorneys should report their attendance online at [www.vsb.org](http://www.vsb.org).
